A story known and foretold also about  
The Times pass other worlds and futures with  
The Letters making words and adventures  
to Becoming a world not fantasy  
which Pulls a reader towards a book and draws  
them Near so they can find a story which  
They Then can say of adventures and times  
that not pass but oftentimes to which might come  
and fantasy that felt so real to them  
and become them with thoughts about one thing  
which Only of adventures and stories worlds  
And Times Which might come wanting more and not  
For Less which leads to one thing finished done  
Or End that always comes no matter what
